

173

This technical drawing shows a mechanical component with a central vertical axis. The top section is a flange with a central hole. Below the flange is a cylindrical body. The dimension 173 is indicated for the height of the cylindrical body. The dimension 190 is indicated for the outer diameter of the cylindrical body. The dimension 180 is indicated for the inner diameter of the cylindrical body. The drawing includes a central vertical axis line and horizontal reference lines. A watermark 'SAFE' is visible across the drawing.
